Notes:

Any athlete who is ranked for any Zuffa bout during the year is included in the numerator of the share calculation. Any athlete who is ranked for any bout with a promoter in Dr. Singer's Ranked Market during the year is included in the denominator of the share calculation. Athletes who were ranked for both Zuffa and non-Zuffa bouts during the year are weighted in proportion to the share of bouts in that year with Zuffa in the numerator. For example, an athlete with 1 Zuffa bout and 3 non-Zuffa bouts is counted as 0.25 in the numerator.
